

Recommendation Letter for Irene Erica Panayidou

July 17, 2020

To Whom It May Concern

It is a true pleasure for me to write this recommendation letter for **Irene Erica Panayidou** who had worked as a Software engineer at YACHT partly under my supervision for over 2 years during the period April 2018 to May 2020. **Erica**, participated in our MostDev Talent Program and was one of the best of the class.

Erica is very ambitious, always looking for ways to improve her skills and working overtime to gain new technologies and methodologies. She worked most of the 2 years on projects for our client Philips and was highly appreciated by the team, her direct colleagues due her eagerness, work ethics and social skills. She was offered a permanent contract at Philips which she accepted in 2020.

Again, I recommend **Erica** as a Software engineer of your company. In my opinion, she would be a definite asset of every company. I wish her best of luck in her future ambitions.

Please don't hesitate to contact me if there is anything else I can do on **Erica's** behalf.

Sincerely,
